

WINTER SCHOOL

TROPICAL DISEASES

JULY 27TH - AUGUST 15TH
2020

INTRODUCTION

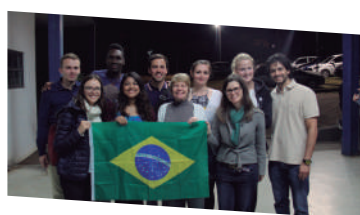

In the course of a three-week program at Unesp - Medical School, Botucatu Campus, Brazil, medical students from around the world are introduced to topics of Tropical Diseases and Clinical Immersion in Basic Surgical Skills by accompanying patients, learning the daily routines, participating in discussion of individual case studies in small groups, and getting to know the day-to-day routines on the wards.

FEES AND ACCOMMODATION

Registration Fee of **€260,00** (Partner universities pay 50%), which covers:

- Airport-Botucatu-airport transfer;
- Lunch (Monday to Friday);
- Local visits;

Accommodation is not included in the fees but we will help you find a place to stay in Botucatu.
